Statement of Adis Ahmetovic, Member of the German Bundestag, on the decision of the High Representative Christian Schmidt to use the Bonn powers

„It is a correct step of the High Representative Christian Schmidt to annul an unconstitutional law of Republika Srpska (RS), according to which real estate owned by the state should become the property of RS. Parts of the RS political elite continue to make every effort to create de facto facts by attempting to circumvent the Constitutional Court and undermine the Dayton Peace Agreement. The further attempts to push for the secession of Bosnia and Herzegovina and further destabilize the country require harsh consequences in the form of sanctions for the secessionist ethno-nationalists.“
